

§ 90.737

frequency being between 800 and 1000 hertz.

(d) Digital transmissions may also be identified by digital transmission of the station call sign. A licensee that identifies its station in this manner must provide the Commission, upon its request, information (such as digital codes and algorithms) sufficient to decipher the data transmission to ascertain the call sign transmitted.

§ 90.737 Supplemental reports required of Phase I licensees.

(a) Licensees of nationwide systems must submit progress reports pursuant to § 90.725(d) of this part.

(b) Licensees offering service on a commercial basis must maintain records of the names and addresses of each customer and the dates that service commenced and terminated. These records must be made available to the Commission upon request. Such licensees must report at the time of license renewal the number of mobile units being served.

(c) Non-commercial trunked system licensees must report at the time of license renewal the number of mobile units being served.

47 CFR Ch. I (10–1–03 Edition)

(d) Except for licensees of nationwide systems, all licensees must report whether construction of the facility has been completed in accordance with § 1.947 of this chapter.

(e) All reports must be filed in accordance with § 1.913 of this chapter.
